

About Us

Backpacker Bucks was started by a travel junkie with a limited budget and a keen interest in helping the less fortunate along those travels. There are some wonderful things to see and amazing cultures to embrace. There are also some very sad and disturbing realities that exist in those far away and exotic locations.

Children in developing nations have a tough life in most cases. Add no parents, no place to live, and many other disadvantages and these children have very little to look forward to. They are the world's greatest resource and, hopefully, with the funding generated through Backpacker Bucks we can help give some kids a chance in life.

Travel is a great education. It is also very expensive. Our goal is to try to build a community on this website that provides much needed discounts to travellers on a limited budget. With a small investment in a Backpacker Bucks card and discounts provided by the generous businesses, a traveller can help some orphans and save some hard earned money.

The businesses on this site made a decision to offer a discount. It may not seem like much but every little bit helps and we thank you for your unsparing offers. Funding generated from the banner ads found on this site will also go towards helping orphans around the world. Clicking on these ads and purchasing through our site will increase revenues for the ads and in turn increase funding for the kids.

By bringing the traveler and the businesses together we hope to save the budget traveller some money, generate business for the discounters and help fund orphan related projects around the globe. Everybody wins, especially the kids.

Backpacker Bucks is proudly Canadian.
Travel safe, The Backpacker Bucks gang.
